

General Data Protection Regulation (GDPR) Policy

From 25th May 2018 Willerby Landscapes Ltd will be ensuring they comply with the new General Data Protection Regulation (GDPR) legislation.

Introduction

The GDPR impacts how all organisations collect, hold and process people's personal data. Simply put, EU residents will now have greater say over what, how, why, where, and when their personal data is used, processed, or disposed of.

This rule clarifies how the EU personal data laws apply even beyond the borders of the EU. Any organisation that works with EU residents' personal data in any manner, irrespective of location, has obligations to protect the data.

Willerby Landscapes Ltd has focused on its GDPR compliance responsibilities by evaluating the new requirements and restrictions imposed by GDPR. The company has taken action necessary to ensure that we handle all data in compliance with the applicable law.

Willerby Landscapes Ltd is committed to meeting any contractual obligations for procedures, products and services and is approaching GDPR compliance on three main fronts:

1. To ensure our own compliance as a company that holds and processes people's personal data.
2. To ensure our partners and suppliers adhere to the highest standards of compliance and GDPR regulation.
3. To ensure that our programs, software applications and services all support our customers' GDPR compliance efforts.
